

Mr./Ms. Daniel Conde-Torres

Title of the thesis: Title of the thesis

As established in Article 37.2.c) of the Doctoral Studies Regulations of the USC:

c) The doctoral candidate must also submit:

i. A sworn statement declaring that the contributions included in the thesis are not part of any other thesis and that they are original and the candidate's own work.

ii. A report from the thesis supervisor expressing their agreement with the submission of the thesis as a compilation of publications, justifying that the contributions included in the compilation align with the candidate's research plan, and stating that the candidate's contribution is substantial and relevant¹.

iii. A written waiver from non-PhD co-authors, renouncing the inclusion of the scientific contributions as part of their own doctoral theses.

I hereby declare responsibly that:

I am submitting the thesis in the format of a thesis by compilation of publications.

The contributions included in the thesis are not part of any other thesis and are original and my own work.

In the event that there are other non-PhD co-authors in these contributions, I enclose as attached documentation their written consent to waive the submission of the scientific contributions as part of their doctoral theses.

Electronic signature: Daniel Conde Torres

¹ This procedure will be considered completed once the thesis supervisors have issued a favorable report on the authorization request for the defense in the online system.
